**NEW YORK – March 19, 2018:** Capital Dynamics, an independent global asset manager, today announced that its Clean Energy Infrastructure (CEI) team received the 2017 Solar Deal of the Year at the Annual IJGlobal North America Awards for its acquisition and financing of the 344 Megawatt (MW)dc Moapa Southern Paiute Solar Project in Nevada. Capital Dynamics accepted the award at a dinner held on March 15<sup>th</sup> in New York City. The honor is determined by a panel of industry leaders each year to recognize an exceptional transaction in the region that drives innovation in the market.

“We are proud to be recognized by IJGlobal and the energy and infrastructure development and finance community,” said John Breckenridge, Head of the Capital Dynamics Clean Energy Infrastructure business. “The acquisition of the Moapa project was a critical accomplishment for our team, among many successes in 2018.”

“We are tremendously proud of this achievement,” said Martin Hahn, Chief Executive Officer at Capital Dynamics. “The Moapa Southern Paiute Solar Project is just one example of the many successful deals our CEI team has executed and is an illustration of our dedication to delivering a suite of remarkable investment opportunities for our clients.”
